

28 FITCHBURG

NORTH RIVER LEERINK

We are coming to the end of first week of the 28 Fitchburg Street project construction and we wanted to summarize the construction activities that are schedule for next week.

Construction Update For 28 Fitchburg Street

Scheduled Activities for Week of 2.15.21 – 2.19.21

- Cutting and capping water/sewer lines in the road along Chestnut Street. This work will begin along the 28 Chestnut Street building and continue down the road as the week progresses, with the potential to be on Fitchburg Street by the end of the week. **Loss of parking is to be expected. Please see signage/cones for areas that will be blocked off.**
- Eversource – Cutting and capping gas/electric lines in the road along Chestnut Street and at the intersection of Chestnut and Fitchburg Streets.
- Continued interior work inside the 28 Fitchburg Street building. **Please expect to see workers coming in/out of the building, as well as a dumpster set up within the fence line.**

Thank you for your continued support and understanding.

Sincerely,

North River Leerink & Consigli Construction
